

## TESTIMONIALS For Penelope's Cruise

***"Well, I finished reading your book this weekend. I 'lost' my wife for over three days last week while she read it and honestly now I can see why. So here you go from a guy's perspective. It is very well written. It certainly gets and keeps your attention right from the start. It is difficult to put down. The ending is perfect. The twists and turns force you to keep turning the pages."*** From R.T.

***"I couldn't put it down...excellent...easy read. Really great! I almost felt like I was reading a Danielle Steele novel. It was amazing. Congratulations on writing a wonderful book!"***  
From K.M.

***"Thank you so much for letting me read your book. I think all women can relate...in one way or another with one of those male characters. I have dated some real losers in my life! I was like OMG...I dated a guy like that...that was a hint something was not right. I think it was so true to life and the trials and tribulations that we go through to find the 'right one'...I really enjoyed it. It is geared for women for sure!...I could NOT put the book down! It was a fast read for me!"*** From J. R.

***"POLY HARC! Oh, my! I read your book last night!...It was great! I cried at the end. Just the way it all came together...the way you ended it with the poem on Guidance. I felt like you were writing to me. Wow!...there were a few pages that really struck a chord with me. The drama! I laughed when you said the part where you learned the drama from watching TV with your mom—me too! I could go on and on. Awesome! Awesome! Thank you for the gift of your story and I can't wait to share it with my friends. Every woman should read it."***  
From D.B.

***"It was phenomenal! I loved it. It is unique, different, and I enjoyed and hung on to every word, because I was afraid I would miss some-thing. All the emails going back and forth-OMG! It was great."*** From K. R.

***"Amazing! Huge emotions. Great read—great summer read. I need a whole other book about Domenic. I love the way you write about guys!"*** From E. P.

***"The suspense at the beginning-about what happens between the ship and the beach is very tantalizing...Lovely ending! I found I couldn't stop reading, so I went to the end. It's so good at illustrating just what Gina went through-how Gina seesawed from one instinct to the other— such a good recounting of the journey so many women go through. And funny!"*** From Angela Foote, Professional Editor

***"I read that book-the whole thing-on Sunday! I didn't go to bed until I finished. I just could NOT put it down. You really do capture the interest of the reader. Hopefully, you'll sell a zillion of them."*** From C.W.
